The Board of Registrars take this opportunity to remind the residents of Millbury who are not registered to vote, that they may do so any day in the office of the Town Clerk or at any one of the special evening sessions that are scheduled throughout the year.

May we also take this opportunity to express our sincere thanks to each resident of the community for their cooperation in returning the annual census form which was mailed to every household of record. The mail census has proven to be an extremely efficient method of gathering the necessary data required to keep our voting lists and school census up to date.

## Report of the Selectmen

To the Citizens of the Town of Millbury:

The Board of Selectmen respectfully submits the reports of the various Town Officers for the year ending December 31, 1976.

Attendance record from January 1, 1976 through December 31, 1976 for regularly scheduled Selectmen's Meetings.

	Scheduled	Attended
John S. Donnelly, Jr.	48	45
Harold F. Ostrowski	48	44
Thomas J. Fox, Jr.	48	48
Paul Kollios	48	43
Mabel G. Stockwell	34	32
Hymen J. Hy Sclar	14	12
Administrative Assistant	48	48

On January 28, 1976 the Millbury and Sutton Boards of Selectmen met to preliminarily discuss entering into an ambulance service agreement to provide emergency service to both communities. As we reported last year, Chapter 111c of the Massachusetts General Laws provides statutory control over Emergency Medical Care through regulation of Ambulances and Ambulance Service beginning July 1, 1977. The Selectmen of both communities signed this agreement on February 17, 1976. After July 1, 1977 police cruisers will no longer be used for emergency medical transportation.

On February 10, 1976 the Selectmen submitted to the United States Department of Housing and Urban Development a Community Development Block Grant pre-application designed to acquire and rehabilitate the former Asa Waters Estate located at 123 Elm Street. On May 4, 1976 the Selectmen were advised of preliminary approval of their grant proposal and on October 12, 1976, final grant approval was received. As of December 31, 1976, the Environmental Review process required of grant recipients is being completed. To aid with future planning of the Waters property, the Selectmen appointed a five member advisory committee to whom the Selectmen express thanks for their diligent work.

During the winter, spring, and summer months the Personnel Board in concert with the Selectmen worked very hard to reach collective bargaining agreements with the Highway Union, Clerical Union, and Police Association. Shortly before the Annual Town Meeting, the Highway Contract was signed, the Clerical Contract was signed on November 23, 1976, but the Police Contract has not been settled. The Personnel Board performs a difficult and thankless function. The Selectmen wish to congratulate them for their excellent work.

The Annual Town Meeting's first session held April 3, 1976 began work on a sixty article warrant. One additional meeting session was called before action on the warrant was completed. The Annual Town Meeting warrant has been shortened by exclusion of street light articles.

Millbury's Annual Town Election held on April 10, 1976 resulted in the re-election of Paul Kollios and the election of newcomer Mabel G. Stockwell to three year terms. Reorganization of the Board of Selectmen on April 13, 1976, resulted in John S. Donnelly, Jr. being re-elected Chairman, Harold F. Ostrowski elected Vice—Chairman and Thomas J. Fox, Jr., Clerk.

On May 4, 1976, the Selectmen, in consultation with various affected town departments, voted to establish a committee to be known as the Public Works Council consisting

of the Chairman of the Board of Selectmen, Chairman of the Sewerage Commission, Chairman of the Cemetery Commission, Chairman of the Parks Commission, the Highway Surveyor and the Administrative Assistant, who will be a non-voting member and Secretary to the Council. The purpose in creating the Public Works Council is the streamlining of public works service delivery through sharing of information, machinery and manpower. The Selectman wish to thank the Massachusetts League of Cities and Towns for their aid in preparation of the Public Works Study.

On May 5, 1976, the Board of Selectmen received a draft of a study produced by the Massachusetts Department of Community Affairs, Office of Local Assistance through a \$15,000 technical assistance grant. The final draft of this document was presented to the Selectmen and the Task Force for Millbury Center Development at a meeting held with William Flynn, Massachusetts Secretary of Communities and Development. As was reported last year the Task Force has worked toward the ultimate goal of Millbury Center revitalization. Zoning changes, and engineering money requests will be acted upon at the April 2, 1977 Annual Town Meeting as a result of Task Force petitions.

In recognition of our nation's founding, Millbury held its Bicentennial celebration functions during the week of June 13, 1976. Various programs were held at the schools, a Bicentennial Ball was held on Friday, June 18, 1976 at Pleasant Valley Country Club, and a Bicentennial Parade was staged on Sunday, June 20, 1976. A sincere thanks from the Selectmen to Committee members, all participants, and to the Auxiliary Police.

During the month of July the Selectmen accepted a resignation from Howard R. White, Chief of the Millbury Police Department. Chief White's retirement is effective June 30, 1977. A promotional examination open for eligible members of the Police Department will be held during this coming year and a new chief will be selected.

As a result of votes taken at the Special Town Meeting held October 18, 1976, the Selectmen appointed a swimming facilities study committee, will restructure the Capital Budget Committee, and will eliminate non-valuable itemization from this Annual Report. During this year we hope to develop further recommendations for improvement of the Town's Annual Report and present a more comprehensible document next year.

In late November the Selectmen submitted applications to the United States Department of Commerce, Economic Development Administration for Public Works Employment Act

Title I capital improvement grants to construct a sewerage plant garage and laboratory facility and a replacement Bramanville Fire Station.

On November 30, 1976 the Selectmen were advised of the resignation of Paul Dempsey, Town Moderator, effective immediately. The Selectmen accepted Mr. Dempsey's resignation with regret and with hope for future success and continued good health to Mr. Dempsey.

Before closing this report the Selectmen wish to advise the Townspeople of several items which will effect Millbury's financial management for several years: (1) state reimbursements are stable or decreasing; (2) Federal Revenue Sharing originally designed to end this calendar year has been extended; and, (3) during this calendar year and for three financial quarters of 1977, Public Works Employment Act, Title II antirecessionary grant money will come to Millbury.

Finally, the Selectmen conducted regular meetings on Tuesday evenings throughout the year following a fixed agenda. The Board was willing at all times to listen to items of business brought before it by citizens collectively or individually and to representatives of business located within the Town. Extra meetings for special matters were sometimes required. The Board also attended County and State Selectmen's Association meetings in addition to their individually assigned committee or association responsibilities such as the Transportation Planning Action Group (C.M.R.P.C.) Worcester Regional Transit Authority, Worcester Area Manpower Planning Council, and the Worcester County Regional Solid Waste Disposal Committee.

The Selectmen wish to express their appreciation to all elected and appointed officials and all the Millbury Town employees for their cooperation throughout the year.

Respectfully submitted,  
Board of Selectmen

## Report of the Industrial Development Commission

The Industrial Development Commission has been analyzing the various industrially zoned areas in Town to see if they are suitable for development. Several of the earlier industrially zoned areas have been developed with homes and are not now good locations for industry. Other areas may become more attractive to industry once water and sewer lines are available in those parts of Town.

We are also working with the Conservation Commission to study the possibilities of attracting industry to certain areas, particularly along Route 146. Much of this land is in the flood plain zone and special precautions must be taken to ensure that environmental and safety conditions are met. We will continue to investigate the future developmental regulations concerning the area.

We hope to be able to present an updated appraisal of industrial land to the Town Development Coordination Committee by next fall for their input. Then we can begin to move in a more aggressive manner to promoting industrial sites in Town.

## Report of Auditor

To the Honorable Board of Selectmen:

I submit herewith the Financial Report of the Town of Millbury for the twelve month period of July 1, 1975 to June 30, 1976 and for the six month period of July 1, 1976 to December 31, 1976.

I wish to express my appreciation to the members of your Board, Officials and Personnel of all other committees and departments, for the help and cooperation extended to me throughout my first months of office.

Respectfully submitted,

ROGER R. PICARD, Auditor

During 1976 the Millbury Council on Aging has increased the amount and variety of programs and services provided, in spite of the inconveniences and important equipment losses caused by the October fire which totally destroyed the Senior Center. It is to the credit of our able Director, Mrs. Joan Hagstrom, our hard-working, capable Senior Aide, Mrs. Jane Bergeron and our many volunteers and townspeople that no services or programs had to be curtailed with the rapid, generous offer being provided of St. Brigid's hall. Although some change of hours of service have been necessary at this temporary location, no diminishing of the number of elderly aided through our many programs has occurred.

The following is a brief picture of services provided during 1976:

### *Information and Referral*

Individually given help both at the Senior Center, during home visits and by telephone contacts have aided those wishing information and assistance with Social Security, Food Stamps,

Supplemental Security Income, referral to town, area, state and federal health, income or other resources.

Liaison with public and private officials and agencies in aiding individuals has been an increasing, important function of the Director. During 1976 six speakers were arranged for to present programs on Social Security, a rent subsidy program for low-income elderly, Food Stamp requirements, health information for elderly, energy conservation, and the running of a volunteer program. Special outreach included attempts to locate and aid low-income senior citizens eligible for weatherization aid for their homes, a pilot program to find new Supplemental Security Income applicants and another to find and help low-income home owners eligible for rent subsidies.

The attempt to inform and aid all our town's 1700 population over 60 years of age has included weekly newspaper articles about Center activities and services, a quarterly newsletter sent without charge to all over 60 and use of local leaders, clergy, groups and officials.

#### *Nutrition Program*

Monthly a low-cost hot meal, organized, cooked and served by elders has been provided at the Center. The Council has carefully studied the advantages and disadvantages of a federally aided 5-day-a-week hot meal program, has conducted a local survey of interest in this and is in the process of filing for a once-a-week meal plan through the state's Department of Education's Nutrition Program, following the December School Committee approval of our request for this.

#### *Transportation*

The Council has aided elders with 4 types of transportation assistance:

Medi-Lift—Council obtained state funds provide partial payment for taxi fare to medical appointments.

Worcester Regional Transit Authority reduced fare tickets—Council provides I.D. cards and issues tickets.

Shopping trips at low cost with use of school mini-bus on regular, door-to-door basis.

Individual transportation to Stay-Well and flu clinics by volunteers.

#### *Recreation—Social Activities*

Center activities include card and recreational parties, socials with refreshments or meals at low cost with much of planning and work provided by elderly volunteers. Inclusion of

lonely, homebound and local nursing home patients has decreased depression and isolation for many.

#### *Volunteer—Use Development*

A major effort this year has been the development, training (with aid of Worcester Age Center) of elders to serve the Center and elders needing telephone reassurance or other services in their own homes. Increasingly senior citizens are becoming involved in aiding the Director with recreation, meals, typing and other tasks. Several are now active locally through a federally developed volunteer program.

#### *Local Cooperation and Coordination*

The Council and its Director have greater liaison, joint work with and coordination with local police, housing authority, health, veteran's agent, welfare, library and other town public and private officials and service providers. This has led to more and better provision of services to our elderly, better sharing of needed information and more effective use of our staff and resources.

Millbury youth and adult groups, clubs, individuals, merchants, churches, nursing homes, schools and organizations have cooperated and generously given of their skills, services and donations in aiding the Council and its staff with the continuing concern to provide for needed programs and services for our elderly. We all thank them for their thoughtful aid in our efforts to make this an active, dignified and rewarding stage of life for our residents. Our coordination with the V.F.W. and its Ladies Auxiliary in running the second Senior Citizen Award program and action upon state and national legislation affecting our elders demonstrates our conviction and commitment to making the worth and needs of seniors known.

Respectfully submitted,

ANNE HUMES, Chairman

## Report of the Dog Officer

To the Honorable Board of Selectmen:

The activities of this department for the year 1976 are as follows:

In 1976 there were 383 complaints received. A total of 169 stray dogs were picked up; 52 of which were returned to their owners, 13 were sold, and the remaining 104 were destroyed. Also during the calendar year, 110 dead animals were removed from the streets.

Respectfully submitted,

WILLIAM C. WILKINSON,  
Dog Officer

## Report of the Personnel Board

To the Honorable Board of Selectmen:

During the year 1976 the Personnel Board held thirty-two (32) meetings. Attendance was as follows:

Peter Virbasius, Chairman	31
Francis Lowe, Clerk	26
Ernest Bachand	31
Paul Salois	19
Edgar Choiniere, Jr.	32

We wish to thank all departments for their cooperation throughout the year.

Respectfully submitted,

PETER J. VIRBASIOUS,  
Chairman

## Report of the Planning Board

To the Honorable Board of Selectmen and the citizens of Millbury:

Attendance for the meetings in 1976 were as follows:

	<i>Meetings</i>	<i>Present</i>	<i>Absent</i>
Donald Markey	25	22	3
J. Todd Miles	25	25	0
Peter F. Keenan, Jr.	18	17	1
Antoinette L. Donovan	18	17	1
James F. Fitzpatrick	18	17	1
Robert B. Doud	7	7	0
Resigned—April 1976			
Gerard Trottier	7	7	0
Term Ended—April 1976			
Walter E. Tebo	6	6	0
Term Ended—April 1976			

There have been a large number of drainage problems submitted to the Planning Board this year. Cost estimates were made for their solution and they will be presented at the Annual Town Meeting. If any Millbury citizen is inconvenienced by a water or icing problem on a town street, he or she is encouraged to submit a petition containing signatures of at least ten registered voters to the Board of Selectmen. Proper action can then be taken to see if the town will appropriate funds to correct the problem.

Nine subdivisions exist in Millbury that have not been completed. The Board continues to work with the developers of these subdivisions so that the future maintenance costs of the roads will be minimized. This year there have been thirty five (35) plans signed by the Board in which subdivision approval was not required. These plans usually show divisions of land along existing public streets.

Within the past year, the state has adopted new zoning legislation which may have significant effects on property in this town. Chapter 40a of the Massachusetts General Laws is being replaced by a new chapter. All cities and towns in Massachusetts must bring their Zoning By-laws into conformance with this law by 1978. The Planning Board is currently studying the new law to determine what changes in the Millbury Zoning By-law must be made.

During 1976, the Planning Board sponsored two changes in the Zoning By-law that were passed by the Town Meeting. The changes were a revision of the Open Space Community and

Some members of the Board attended a subdivision seminar sponsored by the Worcester County Extension service. Topics of every aspect of subdivision control were discussed by experts in the fields of law, planning and engineering.

## Report of the Inspector of Buildings

To the Honorable Board of Selectmen:

I hereby submit the Annual Report of the Inspector of Buildings and Zoning Agent, duly appointed by you for the period ending 12/31/76.

This has been the second year that the State Building Code has been in effect. Even though Building Permits issued have been on the decrease, the work load for this office has not. Besides processing of Building Permit Applications and inspections after issuance, as was mentioned in my last report, all buildings and inspections that were formerly the responsibility of the Department of Public Safety, are now the responsibility of this Office. Chapter 802 is the Legislative Act that set up the State Building Code and the State Building Code Commission. Chapter 808 recently enacted, mandates that the Building Inspector must also be the Zoning Agent. This act will take effect July, 1978. Presently the Board of Selectmen appoint the Zoning Agent. There will also be a change in procedures for notices, Board of Appeals and Zoning.

Periodic inspections and categories now under this department's responsibility since the effective date of the State Building Code are as follows:

1—Public Schools	19
2—Private Schools	5
3—Nursing Homes	2
4—Lodging and Rooming	2
5—Organizations and Meeting Rooms	2
6—Liquor Establishments, Halls, and Res.	18
7—Churches and Affiliated Halls	13
8—Public and Municipal Buildings	4
9—Residential Buildings, 4 or more units	<u>200</u>
Total Certificates Issued	265

This Department is also responsible for all commercial, industrial, and mercantile buildings.

The Honorable Board of Selectmen has appointed Rene Morin of Millbury Avenue as my Assistant. He handles applications when there is a conflict, and when I am not available. He also assists me with inspections and Zoning problems, when the need arises.

Building Permits issued, compared to last year have decreased, but housing starts and estimated valuation has been on the increase. Reasons being taxes and revaluation in Worcester and surrounding towns.

With the work that the Task Force is putting in for the revitalization of the Central Business District, and once some of their programs are implemented, you'll find Building Permits on the increase again.

Zoning enforcement has always been a problem. Interpretations and persons that are not aware of the Zoning regulations are also always a problem. This is why my home telephone number is always open to whomever might have a problem; this includes Sundays and Holidays.

Again, this Department would like to thank all that have assisted me throughout the year to make my position easier. At times, it does get a little frustrating, especially Zoning problems, but the cooperation and assistance that I have received from different departments and citizens has helped tremendously.

Applications for Building Permits may be obtained and appointments made, through the Board of Health Secretary, from 9:00 A.M. to 4:00 P.M., Monday through Friday, at the Municipal Office Building, also by dialing my home number 755-5432 anytime after 6:00 P.M. My office hours are from 7:00 P.M. to 9:00 P.M. Tuesday evenings at the Office of the Board of Health in the Municipal Office Building.

Respectfully submitted,

FRANK J. PISCITELLI,

Inspector of Buildings and Zoning Agent

## **Report of the Tree Warden and Superintendent of Insect Pest Control**

To the Citizens of Millbury and Honorable Board of Selectmen:

Extensive pruning and limbing was done on Town streets again this year. We had to cut down many trees this year, many were very large. We took the tops off 50 of these trees and at a later date the Department of Natural Resources, with their winch truck, cut down the logs. The Highway Department also helped with their payloader and sometimes one or two of their big trucks. Total trees cut down and removed were 82 Elm, 44 Maple, 14 Cherry, 12 Ash, 10 Oak, 5 Pines, 3 Hickory and 2 Poplar.

Our worst storm was Hurricane Belle. 15 large trees were blown down and we had many broken limbs.

We had no Arbor Day program this year due to a late shipment of one thousand saplings. The weather had become too warm and there was too much chance of losing these trees, we planted them ourselves along with fifty larger trees. I hope to be able to give out two thousand of these saplings in 1978.

We did almost no brush cutting this year. The Highway Surveyor had several young men on the C.E.T.A. program and this project is one of the things they did. We did spray most areas they cut with brush killer to retard the regrowth of this brush. We also did selective spraying for Poison Ivy, Poison Oak, etc.

The only infestation this year was Fall Web Worm. This worm was light in most areas and seemed to be mostly on fruit trees.

I would like to take this opportunity to thank all the Departments and Citizens of Millbury for their help and cooperation for this year and in past years.

Respectively submitted,

JOSEPH O. CAPISTRON

## Report of the Gas Inspector

To the Honorable Board of Selectmen and Citizens of Millbury:

I hereby submit my annual report as Gas Inspector for the year ending December 31, 1976.

66 gas permits were issued, 12 of these were for campers.

All permit fees have been turned over to the Town of Millbury.

## Report of the Conservation Commission

The Millbury Conservation Commission herewith presents its annual report for the year ending 1976. The following is an attendance record of all members of the Commission.

Member	Regular Meetings Held	Regular Meetings Attended	Special Meetings Held	Special Meetings Attended
Helen T. Benoit Died 1/23/76	—	—	—	—
Sandra J. Hjort	19	18	3	3
Robert W. Humes Reappointed 9/8/76	19	17	3	3
Marc A. Trottier Reappointed 9/8/76	19	19	3	3
Joseph Waskiewicz	19	13	3	3
Thomas M. Lee Appointed 2/17/76	18	17	3	2

Richard P. Conrad Resigned 6/23/76	10	2	2	0
John E. Swedberg Resigned 6/15/76	9	7	1	1
Raymond T. Roach Appointed 9/8/76	5	5	0	0

Mr. Thomas M. Lee, our present Chairman, was instrumental in establishing the Millbury Wildlife Habitat Improvement Fund. The Commission had received donations in memory of Mrs. Benoit, who passed away last January while serving as our chairperson. It was with these monies that the fund was established. Brochures explaining this fund are available at various businesses in Town. Anyone wishing to contribute to the fund may do so by sending a check to the Commission or by contacting one of the members. Please remember that your contributions are tax deductible.

At this time the Commission would like to thank Mr. Robert W. Humes for the work and time he spent developing the fine trails on Conservation lands. Please take time to enjoy some of the precious green belt areas left in the Town of Millbury. Contact any Commission member if you don't know where the trails are located.

The Commission lost a valuable member through the resignation of Mr. John E. Swedberg. Jack had been a charter member of the Commission and had helped to organize it in 1964. We would like to thank him for his time and effort, which coupled with his vast knowledge of the environment, he unselfishly gave the Commission.

The Commission also completed a study of Singletary Brook. Hopefully this will aid other Boards and Commissions.

Once again we seek your support in acquiring green belt and conservation land that will be enjoyed by yourselves and future generations.

We close with a poem by Mrs. Benoit in honor of another deceased chairperson, Bob Boucher. The Commission felt that it should be printed in memoriam to her:

Someone is absent as we meet tonight  
To carry on the work she left behind  
And tho it seems her passing was not right,  
We must go forward, seek until we find  
The way to finish all those chores she planned,  
To make the world a better, finer place  
For all. To save some open, lovely land  
Where there are trees and brooks, unspoiled space

Some land untouched by progress, left to be  
As it has been, a realm where nature reigns,  
Where life goes on in peaceful harmony  
Warmed by sunlight, cooled by precious rains,  
This we shall do if we but have the will . . . .  
She is not gone. Somehow, she's with us still.

Respectfully submitted,

THOMAS M. LEE, Chairman  
MARC A. TROTTIER,  
Vice Chairman  
SANDRA J. HJORT, Sec.  
ROBERT W. HUMES  
JOSEPH WASZKIEWICZ  
RAYMOND T. ROACH

## Report of the Veterans' Service Department

To the Honorable Board of Selectmen:

As Veterans' Agent, I herewith submit my report of services rendered for the year ending Dec. 31, 1976.

These mainly consisted of Veterans' Services Aid, Veterans Pensions and Compensation Benefits, Burial Allowances, Widow's Pensions, State Bonus, Military Headstones, Certificates of eligibility to purchase homes, Veterans and Widows Annual Questionnaires, etc.

Questions and Answers Outline Key Changes in Current GI Bill by Congress:

For Wartime Veterans and Servicemen

Q. *Who is eligible?*

A. Men and women who:

1. Entered the armed forces after Jan. 31, 1955 and before Jan. 1, 1977.
2. Received an honorable discharge.
3. Are enrolled in approved educational or training program.

Benefits for Institutional School Enrollment  
For A Veteran:

1. With no dependent, \$292. a month.
2. With one dependent, \$347. a month.
3. With two dependents, \$396. a month.
4. With more than two dependents, \$24. a month for each additional dependent.

Q. How long do the benefits last?

A. The above benefits are paid monthly for up to 45 months. The veteran may use these benefits at any time within 10 years after he or she is discharged, but not after December 31, 1989.

I wish to thank the Board of Selectmen and all other departments for their continued co-operation.

FREDERICK E. LUCAS,  
Veterans' Agent

## Report of Fire Station No. 2

### Building Committee

To the Townspeople of Millbury;

The Fire Station No. 2 Building Committee, formerly the Station No. 2 Study Committee, hereby submits its Annual Report.

Since the Committees' inception in mid-1974 we have held some thirty (30) meetings relating to the 1. Study of needs. 2. Acquisition of a site, and 3. Construction of a new Station No. 2.

During the past year we have finalized the sale and purchase price of the former Harris property located at West Main Street and Harris Avenue as the site for the new Fire Station No. 2.

Later, in October this year we hired the architectural firm of O.E. Nault & Sons, for submittal of preliminary plans for the new station. We, as many other communities faced disappointment when our plans were not approved under the Public Works Act for 100% funding. We are now in the process of securing funds from the Federal Revenue Sharing Committee. Hopefully the funds we are requesting will become a reality.

Many obstacles and legal aspects had to be surmounted. The maze of Federal, State and Local regulations had to be abided by as well. Assurances as to compliance of our State Code, Conservation Commission, Zoning By-Laws, Board of Health, Planning Board, State Inspection, Testing and Surveying have been completed.

A plot plan consisting of a topographical survey, street and utility plans as well as soil sample tests have been submitted to the respective agencies and related departments.

Hopefully this project is nearing completion, pending approval of adequate funding and approval of the voters at this Aprils Town Meeting.

I wish to express my sincere thanks to the Committee who spent many hours on this endeavor and that it's conclusion will be successful.

Respectfully submitted,  
JOSEPH D. BLAVACKAS,  
Chairman

## Report of the Sewerage Commission

To the Honorable Board of Selectmen and the Citizens of the Town of Millbury, we respectfully submit our Annual Town Report for the year ending 1976.

Major goals of the Commission achieved during this year were:

1. Federal and State grants totalling \$156,300.00 have been approved for the preparation of final plans and specifications for the pump station, force mains, lateral sewers, and interceptors to sewer Park Hill and Holiday Hills areas of Town.
2. Application has been submitted for the Center Cleanup area of Town, and we hope to receive notification of approval of Federal and State grants for this shortly.

3. Consummated an agreement between the Town of Millbury and the Upper Blackstone Water Pollution Abatement District for disposal of Millbury's domestic septs at the Worcester Plant.
4. Installed thirty-four (34) building sewer services, which exceeds last years construction by seven (7) units.
5. Purchased and installed water supply system at the Treatment Plant that reduces our budget for water by approximately \$4,500.00 per year.
6. Acquired land for pump station on Elm Court to service future sewer line expansion.

The following list shows construction accomplished throughout the year. As pointed out in the 1975 Town Report, this results in approximately a fifty percent savings to the Town versus bidded cost.

#34—84 Main Street	13 ft. 6" Transite pipe

The Sewer Reserve Account has a balance of \$175,763.57 as of December 31, 1976.

Have also submitted warrants to the Town Collector for the amount of \$50,204.00 to be collected in Users Fees that goes into the regular Town Account, which offsets approximately fifty percent of our budget.

The Treatment Plant handled, treated, and discharged 184 million, 344 thousand gallons of effluent to the Blackstone during the past year.

Goals for this year:

1. Continue to strive for Federal and State funds for additional construction grants.
2. Continue to develop overall master plan.
3. Complete the building sewer services to the property line of property owners to the present existing system.
4. Continuously strive to meet our Federal and State Discharge Permit.
5. Obtain easements required for new construction.

## Report of the Board of Health

To the Honorable Board of Selectmen and the Citizens of Millbury:

The Board of Health is pleased to submit it's report for the year 1976.

Probably our largest undertaking of the year was the Swine Flu program, which proved itself to be a monumental task. Needless to say, without the faithful dedication of the

Millbury District Nurses, Doctor Benoit, and our staff of volunteers, such a project could not have been conceived. Three separate clinics were held and 1,254 townspeople were inoculated. We would like to take this opportunity to thank all those concerned with running these clinics for making them so successful and to the townspeople for their patience and cooperation. In addition to the Swine Flu clinics, citizens 60 and over attended a clinic for the Hong Kong Flu in October.

We wish to thank the V.F.W. Charles F. Minney Post for allowing us the use of their hall for our pre-school immunization clinics, at which 99 children were immunized against polio, diphtheria, tetanus, whooping cough, measles, mumps and German measles. In September, 38 children were screened for lead paint poisoning. All of these clinics are offered free of charge to all Millbury residents.

156 dogs were inoculated against Rabies in June at the Fire Headquarters on Elm Street.

A total of \$2,042.00 was collected and turned into the Treasurer for the following permits and licenses.

- 121—Plumbing Permits
- 12—Disposal Works Installers Permits
- 52—Disposal Works Construction Permits
- 40—Percolation Permits
- 57—Food Establishment Permits
- 2—Catering Permits
- 11—Milk & Cream Vehicle Licenses
- 32—Milk & Cream Store Licenses
- 2—Milk Pasteurization Licenses
- 7—Cesspool Cleaner Licenses
- 3—Funeral Director Licenses
- 12—Rubbish Removal Permits
- 26—Burial or Removal Permits

All contagious diseases are reportable, by law, to the Board of Health, and 245 cases were reported in 1976.

- 119—Animal Bites
- 94—Chickenpox
- 2—Mumps
- 9—Gonorrhea
- 8—Scarlet Fever
- 4—Strep Throat
- 1—Syphilis
- 2—Tuberculosis
- 3—Hepatitis

## Report of the Highway Surveyor

To the Honorable Board of Selectmen and the Townspeople of Millbury, it gives me great pleasure to submit my Annual Town Report.

The usual work has been performed under the General Highway account. Catch basins and drainage were installed as necessary. This includes the cleaning and sweeping of the town streets, also cleaning out catch basins and gutters, general maintenance and patching as we deemed necessary.

### SNOW AND ICE

We were kept busy during the winter season with a number of snow and ice storms and tried to give all sections prompt and efficient service. Particular attention was given to sections where school bus routes were involved. After any major storm in the area of Millbury Center, the churches and Funeral Homes were cleared of snow in a prompt and efficient manner. I feel all the members of the Highway Department and the hired Contractors deserve praise for this service rendered.

### OILING STREETS

We oiled the following areas of town: Goff Street, Orchard Street, Elmwood Terrace, Alpine Street, Elmwood Street.

Carlton Road, Laurel Heights, Dolan Road, Davis Road, South Oxford Road, Stone Road, Airport Road, Federal Hill Road, Railroad Avenue. All streets were oiled and honed.

#### OTHER

We completed several articles for drainage and catch basins and completed the South Oxford Road and drainage project.

In closing, I would like to thank my members of the Highway Department, local contractors, and all other town departments for their aid and cooperation that they have so ably given me in the past year.

Respectfully submitted,

DONALD J. ARMY,  
Highway Surveyor

## DAY PROGRAM

### A. September 1975

#### 1. *Enrollment*

In September we started our tenth year of operation with 121 seniors, 151 juniors, 202 sophomores and 220 freshmen for a total of 694 pupils. The number of students from each of the towns was as follows: 74 from Bellingham, 31 from Blackstone, 28 from Douglas, 87 from Grafton, 32 from Hopedale, 22 from Mendon, 74 from Milford, 101 from Millbury, 14 from Millville, 94 from Northbridge, 40 from Sutton, 32 from Upton, and 65 from Uxbridge.

#### 2. *Exploratory Program*

This year, based upon the experience of the previous years, we again decided to have all freshmen spend the entire first semester in their assigned department, with the understanding that all students who were not sure that they were in the right department would be given the opportunity to explore other departments of their choice during the second semester. Less than 10% of the freshmen asked to go into the exploratory program, which clearly indicates that the vast majority of them were satisfied with their original choice.

#### 3. *Cafeteria*

Our cafeteria staff continued to do an outstanding job for the students of our school. Once again our cafeteria was rated in the top ten in Massachusetts by the Massachusetts Bureau of Nutrition, Education and School Food Services. The most meaningful rating is the extent of pupil participation. Our students partici-

pated to the extent of 140% while the average participation throughout the state was 66%. To paraphrase an old saying—"the proof of the rating is in the eating."

#### 4. *Lincoln Arc Welding Foundation Awards*

For the eighth successive year, Blackstone Valley Tech has finished first in the entire United States in awards won by its students in the annual Lincoln Arc Welding Foundation contest.

Competing with hundreds of high schools throughout the country, seven Valley Tech students won a total of \$1475 in prize money for themselves and the school. They won a Second National Grand Award, a Third National Grand Award, and three Regional Awards.

The Lincoln Electric Company created the James F. Lincoln Arc Welding Foundation in 1936 to encourage interest and study in arc welding. The Foundation sponsors the Arc Welding Awards annually for full-time high school, technical or vocational school students in the United States 19 years old or younger. This award program offers an opportunity to compete for the best written reports describing arc welded school shop projects. The entry must not be more than 25 pages in length and should contain detailed descriptions of the operation, all necessary calculations, photographs, sketches and drawings.

### LINCOLN ARC WELDING FOUNDATION AWARDS

Name	Town	Award	Student	School
			Cash Award	Cash Award
Mark J. Kupcinkas	Millbury)	Second National	\$400.00	\$200.00
Steven R. Carrier	Bellingham)	Grand Award		
Steven W. Gauvin	Grafton)	Third National	\$300.00	\$150.00

Paul B. Belanger	Uxbridge	First Regional Award (Home & Rec. Cat.)	\$200.00	
James F. Kramer	Uxbridge	Sixth Award	\$ 25.00	

#### 5. *Cooperative Training Program for Seniors*

The Cooperative Training Program is for seniors who have been certified by their instructors as being qualified to perform the work of their specialty in a highly satisfactory manner. This program involved on-the-job training during the time that the student would ordinarily be in his school shop.

A student works in industry under close supervision for three weeks and then returns to school for three weeks. When the student returns to school, a second student goes to work for the same employer doing the same type of work. These two students work as a team so that the employer always has one skilled student working for him throughout the senior year.

Cooperative students must be paid wages during the work-weeks at the cooperating establishment reasonably comparable to those paid to other persons doing similar work in the same company. While the students work the same hours and under the same conditions as other employees, they are legally considered as members of our student body rather than employees in the usual sense of the

We feel that this program is very successful because it gives our seniors an opportunity to get on-the-job training while they are still in school and at the same time it provides an employer an opportunity to have the services of a young man who has both skill and technical knowledge. The majority of the seniors became full-time employees of the cooperating companies upon graduation.

#### 6. *Three Seasons Dining Room*

On December 3, 1975 the Culinary Arts department provided a new service to the residents of the Blackstone Valley by opening its new dining room. A contest was held to select a name for the new dining room and the winning suggestion was the Three Seasons Dining Room.

The restaurant is open every school day from 11:00 A.M. to 1:00 P.M. and delicious meals are prepared and served by the students in the Culinary Arts department at very reasonable prices. All Councils On Aging in the Blackstone Valley have been invited to take advantage of this fine dining room. We are gratified that so many residents of the area have become regular customers as this allows us to provide a very realistic program at a very modest cost to the taxpayers.

#### 7. *Plymouth Automotive Contest*

For the second time in the last three years a team of students from Valley Tech has won the State-wide contest on Automotive Technology sponsored by the Plymouth Division of the Chrysler Corp.

We wish to commend Richard Roy of Bellingham and Michael Wojonowski of Uxbridge as the winners in this

year's contest. We also want to congratulate the dedicated instructors in the Automotive Technology Department for their contribution which made it possible for these two students to win the contest.

## ADULT TRAINING PROGRAMS

### 1. *Evening Trade Extension Courses*

The first session of the 1975 Evening Adult Program started September 29, 1975. These classes are open to persons over 16 years of age who are not attending school and who can show evidence of trade contact with the specific training desired. The following courses were offered: Auto Body Repair, Automotive Technology, Mill and House Carpentry, Electronics, Electrical, Machine Shop, Metal Fabrication, Plant Maintenance, Machine Drafting, Architectural Drafting, Blueprint Reading, Graphic Arts (Printing), Plumbing, Industrial Sheet Metal, Culinary Arts, Air Conditioning and Refrigeration, and Painting and Decorating. 556 adults were enrolled in the first session.

The second session of the Evening Adult Program started January 5, 1976. The same courses as above were offered and 514 adults were enrolled.

## OPTIONAL VOCATIONAL EDUCATION PROGRAM

As the result of close cooperation between the Blackstone Valley Regional Vocational Technical School and the Blackstone Valley Collaborative, a special vocational program has been planned to meet the special needs of students of the Blackstone Valley Vocational Regional School District who were unable to be enrolled in our regular day program due to the lack of space.

Six vocational programs will be offered starting in September 1976 and approximately 75 students will be enrolled. The students will receive their academic instruction in their local high school and will receive their vocational education from 3:00 to 5:30 P.M. every day at the Blackstone Valley Regional Vocational Technical School.

We have received a federal grant of \$82,410 for this program which will be operated at no cost to the member towns of the Blackstone Valley Vocational Regional School District.

## PUPIL SELECTION FOR THE FALL OF 1976

As a result of the change in the Agreement Between The Member Towns to allow our school to provide vocational education for both boys and girls, our enrollment program was redesigned to encourage girls as well as boys to apply for admission to our school.

During the months of January and February all the schools in the member towns were visited by the Director of Guidance in order to give information to both boys and girls in the eighth grade about programs that are offered at the Blackstone Valley Regional Vocational Technical School.

At a later date, applicants from the various towns were brought to the school so that they could visit each of the departments and actually see the programs in operation. During the day they were given a series of aptitude tests involving verbal reasoning, numerical ability, mechanical reasoning, abstract reasoning and spatial relations. The scores on the above tests and the information sheet provided by the sending school were evaluated in order to produce a profile of each applicant's characteristics. Each applicant's profile was recorded in a compilation sheet which served to identify the most qualified students in each town. Every effort was made to admit the best qualified students in each town, to give them their program preference, to distribute the programs as equally as possible among the towns, and to select each applicant for the program in which he appeared to have the best chance of success.

This year we had 605 boys and girls apply for admission to Valley Tech, but due to lack of space we were only able to enroll 220. It was most unfortunate that almost 400 boys and girls were not enrolled but there is nothing we can do about it until we have additional facilities.

## SEVENTH GRADUATION

The seventh graduation of the Blackstone Valley Regional Technical High School was held on Sunday, June 6, 1976. 117 seniors received both their high school diplomas and their vocational certificates from the chairman of our school committee, L. Wayne Gilley.

In spite of the fact that this area had one of the highest unemployment rates in the entire state, we were very successful in finding jobs for our graduates. Approximately five percent of our graduates joined the Armed Services and ten percent are continuing their education at institutions of higher learning. One of our graduates, Nicholas O. Frabotta of Uxbridge, who was in competition with all other graduates in the Blackstone Valley area, won the \$4000 Carrick scholarship. Nicholas entered Worcester Polytechnic Institute in September 1976.

## ANTHONY E. ALLEGREZZA

We were all greatly saddened to learn that Anthony Allegrezza passed away on August 7, 1975. Tony served on the Blackstone Valley Vocational Regional School District Committee from April 1969 to August 1975.

Tony brought to our School Committee a tremendous background of political knowledge gained through his years of service as a Selectman and Town Moderator in Milford. Tony's dedication was well demonstrated by his loyalty and service to Valley Tech.

The Blackstone Valley Vocational Regional School District Committee gratefully acknowledges its debt to Tony Allegrezza and expresses its profound sorrow that he will no longer be with us.

## CONCLUSION

The Blackstone Valley Regional Vocational Technical High School has just concluded its tenth year of successful operation. We continue to offer many different services to the member towns as well as to the citizens of our region. In addition we have provided direct educational services for the following:

1. 694 freshmen, sophomore, junior, and senior students in the day program.
2. 556 men and women in the first session of the Evening Adult Trade Program.
3. 514 men and women in the second session of the Evening Adult Trade Program.

In addition, plans were completed to enroll 72 new students in our Optional Vocational Education Program in September 1976. Thus we have offered a large number of people the opportunity to further their education and to increase their vocational skills. We have used our school to maximum advantage by conducting vocational programs from 8:00 A.M. to 9:30 P.M. five days per week.

At the close of the 1975-1976 fiscal year we feel that the past year was one of satisfactory achievement and one in which we continued to maintain the fine standards set in previous years.

We would like to close our 1975-1976 report by expressing sincere gratitude for the loyalty and cooperation of the students, staff, and the School Committee, who have made the success of the past year possible.

School Committee Member

## Report of the Parks and Recreation Department

To the Honorable Board of Selectmen and fellow townspeople:

The members of the Millbury Parks Commission would like to take this opportunity to make the townspeople aware of the advances and innovations made in 1976.

For the first time in the history of the Parks Department, we have a full time employee, Kenneth Carrignant. We can all take pride in the job done by Mr. Carrignant and his staff. This past year we had the honor of hosting the District V Little League Playoffs at Washington Street.

We have received delivery on a 1977 three-quarter ton pick-up truck with plow which was desperately needed to replace our International Scout.

As a result of many complaints, the road entering Jacques Memorial Park (West Millbury) was oiled. This procedure will be advantageous in minimizing the dust problem.

As in years past, the Arts & Crafts Program was held at Windle Field. The program was under the direction of Ms. Debra Lynch, and many exciting and educational field trips were sponsored by the department. This year our Christmas program was a great success. The Common glittered with the scenes and sounds of the season. The Butler Sound System beckoned children to visit with Santa Claus. A photographer was provided to help capture many a magical moment. We would like to offer a special thanks to Steven Couture and Ronald Richard.

Members of our board are taking an active interest in other town boards; John Dupre is a member of the newly-created Public Works Council and Gilbert Picard is serving on the Town Swimming Facility Needs Committee.

This past year the Parks Barn on Providence Street was completely renovated. Walls and floors were painted and an office was added.

A soccer program was initiated and we became members of the Worcester County Soccer League. The league consists of two divisions, Juniors and Intermediates. The teams were coached by James Morin, Edward Taylor and Earl Ramsden. Mr. Morin was assisted by Robert Murray and Gary LaBreck. Both teams proved impressive in a very competitive league.

The Commission has introduced a National Super Shooter Basketball Contest. This will give the youth of Millbury the

opportunity to compete with their peers in town as well as nationwide.

Each board or commission plays an integral part in the proper functioning of the town and we are proud of our contributions in 1976.

Respectfully submitted,

JAMES MORIN, Chairman

## Report of the Millbury Public Library

To the Honorably Board of Selectmen  
Millbury, Massachusetts

We herewith submit our annual report for the year 1976.  
The report of the Librarian is included.

To the Board of Trustees  
Millbury Public Library

As Librarian of Millbury Public Library, I submit the following report:

During the year 1976, the library was open 291 days. In July 1974, we changed our hours to 10:00 a.m. to 5:30 p.m. Mondays through Saturdays and Tuesday and Friday evenings until 8:00 p.m. and have continued to close on Saturdays during July and August. This schedule totals fifty hours per week during the regular year and forty-two and a half during the summer. This weekly schedule has been quite satisfactory for our patrons and we plan to continue with it.

The total number of books added to our collection in 1976 was 2226:

	<i>Purchased</i>	<i>Donated</i>	<i>Total</i>
Adult Fiction	370	255	625
Adult Non-fiction	511	163	674
Juvenile Fiction	320	38	358
Juvenile Non-fiction	137	9	146
Paperbacks	87	160	247
Records	176	0	176

These above additions bring the total library holdings to 16,935. This figure does not include any periodicals which we currently have on file. Also, this final figure is an estimate; we are hoping to complete our inventory during the next year.

Mention should be made here that in the spring of 1976, Millbury Public Library applied for and received and LSCA Title I grant from the Massachusetts Bureau of Library Extension for the purchase of large-print books amounting to \$1500.00. With this grant we were able to purchase over one hundred adult fiction and non-fiction books for our patrons who have difficulty reading the small print found in most books. Deposit collections have been made available to the nursing homes and the elderly housing projects in Millbury.

Also, as Librarian, I participated in two workshops within the Central Massachusetts Regional Library System, one on Community Analysis and the other on Reference Materials. From the Community Analysis workshop, Millbury Public Library received a great many paperback books and pamphlets (enough to begin a pamphlet file), and from the Reference Workshop, we received reference books of our choice amounting to \$500.00.

The circulation statistics for the year 1976 are as follows:

Adult Fiction	13,159
Juvenile Fiction	11,940
Non-fiction	9,686
Magazines	1,524
Records	1,269
Paperbacks	7,198
Art Prints	18
Games	86
Cassettes/Cassette & Book Sets	103
8-track tapes	57

The total circulation for the year was 44,740, an increase over the year 1975 of 13% and a 56% increase over 1974. Contributing to this increase is the use made by Millbury Public Library of the Central Massachusetts Regional Library System. During 1976, 288 Interlibrary Loan Requests were fulfilled by the Regional Office located at the Worcester Public Library and 136 films were borrowed from the Film Library in Worcester through Millbury Public Library for use by the library, area schools, local organization, and nursing homes. Finally, because of the Bookmobile which comes from the Regional Office every seven to eight weeks, we are able to loan to our patrons such exotic items as 8-track tapes, cassettes, cassette and book sets, art prints, games, and toys as well as an increased number of books and records new to our patrons.

During the past year, in order to define the role of Millbury Public Library and focus our attention on basic areas of service, we formulated a set of goals which we are continually striving to attain. These goals are:

1. To provide an adequate print and non-print collection of materials to meet the educational, informational, and recreational needs and desires of the residents of Millbury; and, further, to assemble, organize, preserve, and make easily available these materials for public use.
2. To become a community-centered department through a periodic assessment of the needs and desires of the residents of Millbury and an evaluation of the effectiveness of library materials and services.
3. To encourage all residents of Millbury, adults and children alike, to use the materials and services provided by Millbury Public Library.
4. To keep informed of new developments in the library world, evaluate their worth, and implement them, if feasible, at Millbury Public Library.
5. To cooperate with the Central Massachusetts Regional Library System, the Bureau of Library Extension, and local libraries to provide the best possible library service to the residents of Millbury.

The year 1976 saw a few changes at Millbury Public Library. An addition to our staff is Elaine Loehmann, our new Children's Librarian. Through her ideas and interest in children, several children's programs have developed. Among them were Pre-school Story Hour, a poster contest during National Library Week, summer film programs, a summer reading club, story hours and library instruction to school children, and special holiday programs and workshops. More programs for the children of Millbury are being planned for 1977.

A few adult programs were planned in 1976. The most successful were two demonstrations held before Christmas, one on wreath-making and the other on holiday decorations. Approximately thirty people attended each.

The year 1976 saw the beginnings of our Friends of the Millbury Library. The main purpose of the Friends is to bring cultural enrichment to the town in ways other than through books and to stimulate interest in the library. This organization is open to anyone interested in the library and promises to be a great asset to the community as well as to the library.

During the spring, with the help of Friends, a Book and Craft Fair was held at the library. It was so successful that we were able to purchase a stereo phonograph (with headphones)

and cassette players and headphones for use by adults and children in the library. Also during the spring, in honor of the Bicentennial, landscaping was done in the front and on one side of the library.

In June, the Millbury Public Library entered a float in the town's Bicentennial parade. The theme was "The Adventures of Tom Sawyer", a book written by Mark Twain, and featured Tom, Becky Thatcher, Huck Finn, and Aunt Polly in the infamous "white-washing of the fence" scene.

In October, the Board of Trustees placed an article on the warrant for the Special Town Meeting. It dealt with the hiring of a professional consultant to study the public library and make recommendations. Since the passage of this article, the Board of Trustees has been interviewing and studying the credentials of various consultants in the area of public libraries.

All of the programs mentioned above have been done in addition to our regular services which include the loaning of library materials (books, paperbacks, records, cassettes, 8-track tapes, cassette and book or record sets, games, puzzles, and toys), aiding our patrons in the selection of reading materials, reference service, Interlibrary Loan and Film Service through the Central Massachusetts Regional Library System, displays, and lists of newly-purchased books. Among our "outreach" services is the placing of deposit collections at nursing homes and the elderly projects, the delivering of books to shut-ins, and film presentations at Pine Grove Villa Nursing Home and Smith Nursing Home. The library also has a weekly column in the Millbury Journal entitled "Book Nook", in order to inform patrons of new books, programs, and services at Millbury Public Library.

During the past year, a great many people have helped Millbury Public Library. Among the people who donated books to the library were Singletary Rod and Gun Club, William Grout, Agnes Callahan, Kathy Bird, Mrs. Cofske, Mary Holm, Smith Nursing Home, Susan Bernard, Arlene Ball, Collette Walsh, Marjorie Connor, Mildred Vallee, Henry Ballard, George E. Wolfe, Ernestine Chaleki, Shirley Fougere, Mr. Giro, Cheryl A. Wright, Bob Doud, Mary Norrman, the Briddon family, Maureen Mitchell, Mrs. Wilson, Mrs. Goodell, Judy O'Connor, Richard Valentino, Frances Zuidema, Marie Richards, Mary Taft, Helen Hamilton, Elaine Lee, Catherine Marchand, Paul Turgeon, Sandy Bergeron, Lucien Richard, Mrs. Dorothy Paradise, Mrs. Edwin White, Mrs. Dana, Mr. Donateo Gaucher, Clara Mickelson, Mrs. Suzanne Ruby, Kathleen Rock, Mary Joan Boire, Mrs. Maynard, Paula Beauregard, Jessie Culbert, Jenny Partowski, Margaret Bowden, Donna Novak, the Carlson family, Ida Vartanian, Paula Bunevith, Laura Masters, Joan

Russell, Mrs. Hazel Braman, and the anonymous people who put donations into the Book Bank. We are certain that we must have forgotten some people; if so, please accept our apology; it was unintentional.

We want to express a special thanks to Hallamore Motor Transportation in Auburn for lending us a flatbed and driver for our float entry in Millbury's Bicentennial parade. Special thanks go also to Mr. Arthur Briddon of the "Millbury Journal" for his assistance and space in his newspaper. Finally, we want to thank all of the people who donated food and craft items to our Book and Craft Fair and to the many people who have helped us throughout the year with various programs such as our Pre-school Story Hour, demonstrations, children's programs, and others. It is these people who take an interest in Millbury Public Library who have been the backbone of all of our programs and activities. We have thanked them individually and regard them as our best friends of the library.

Respectfully submitted,

SUSAN A. THERRIAULT,  
Librarian

## Report of the Office of Civil Defense

To the Honorable Board of Selectmen and Citizens of the Town of Millbury:

I hereby submit the Annual Report of the Office of Civil Defense for the year ending December 31, 1976.

Since taking this position, I have been trying to bring the town's Civil Defense preparedness up to an acceptable level.

The department has been participating in the Excess Federal Property Program, and is also trying to supplement our town's equipment, with acceptable federal property.

I would like to thank those who have been extremely cooperative to me, and hope that cooperation continues.

Furthermore, I wish to extend to any interested towns-person, the invitation to join either of our auxiliaries, and to supplement our protective services.

Yours truly,

JEFFREY A. DORE,  
Civil Defense Director

## Report of the Millbury Housing Authority

The Millbury Housing Authority herewith presents the annual report for the year ending December 31, 1976.

### CHAPTER 200-1

This project remains fully occupied at the end of its 26th year. During the course of the year, the minimum amount of refrigerators and stoves were replaced. All other repairs were considered routine maintenance.

Bids for replacement of windows was advertized and awarded to the lowest bidder, namely, Major Construction Management Corp. Lynn, Mass.

Low income family applicants have been advised to apply to Section 8 program (Federally subsidized housing) handled in this area by the Rural Housing Improvement Corp. Webster, Mass.

Mr. Stephen Witkowski continues to serve as the Tennant's Organization representative.

#### PROJECT 667-1 (Elderly)

This project remains fully occupied at the end of its 18th year. During the course of the year, eight canopy roofs were installed over the doors of the end apartments. A new Master T.V. Antenna system was installed, all sidewalks and driveways were resurfaced with blacktop, hot water heater in Building #4 was replaced, four (4) zone valves had to be replaced on the boilers and two main hallways were painted.

Many parties and games are enjoyed in the community hall. With the transfer of Rev. Bernard Davenport, Rev. James Clifford of St. Brigid's is celebrating the monthly Mass.

Mrs. Blanche Roote, Mrs. Osama Ward, Mrs. Edward Devoe, Mrs. Florence Jensen and Mrs. James Conlon continue to serve as the Tenant's Organization representatives. Due to ill health, the resignation of Mrs. Rose Nash was regretfully accepted. Mrs. Nash served as Secretary to the Tenant's Organization. Mr. Edward Devoe devotedly raises and lowers the Flag at the Linden Apartments.

#### PROJECT 667-2 (Elderly)

This project has completed its third full year. All sixty units are fully occupied. A drain blockage in Bldg. #3 continues to be a problem. All other repairs were of routine nature.

The community hall continues to be used for card parties, bingo, suppers, group meetings, etc.

Mr. Henry Ballard, Mr. Edward Commeau, Mrs. Edward Commeau and Mr. Winthrop Park continue to serve as the Tenant's Organization representatives. Mr. Leo Pottie continues to daily raise and lower the Flag at these Colonial Drive Apartments.

#### THANK YOU

The tenants of both elderly projects wish to extend a heartfelt Thank You to the many clubs and organizations for services and kindness rendered to them during the course of the year. A personal thank you to: The Millbury Women's Club, The St. Brigid's Women's Club, Matson Bus Co., Millbury Society of District Nurses, Providence Street School Children and teachers, and Boy Scout Troup #109.

#### PROJECT 707 (Leased Housing)

This project at this time continues to have only four apartments under the leased housing program.

## MAINTENENCE

Mr. Robert Fisher has completed his second full year as head of the maintenance department. Mr. Fisher provides excellent service to all projects concerned.

## ADMINISTRATION

Mr. Josphe T. Sullivan continues to serve as the Executive Director of the Millbury Housing Authority. Irene B. Sullivan has completed twenty-one months of service as Clerk/Book-keeper. Due to the resignation of David W. Cofske as Fee Accountant, Mr. Herbert H.King, former accountant for the Department of Community Affairs was hired to replace Mr. Cofske as Fee Accountant. The office on Colonial Drive is open daily from 8:30 A.M. to 12:30 P.M. Monday through Friday (excepting holidays).

# Report of the School Committee

To the Citizens of Millbury:

The School Committee herewith submits its annual report for the year ending December 31, 1976.

Realizing the need to provide quality education for our students, the Committee has stressed more efficiency on all levels of the school system. The Committee has also adhered to strict budget and financial procedures to attain the maximum use of our money.

Major maintenance and repairs are now being evaluated and projected on a priority list over the years to come. Using this technique, the schools will be cared for and improved without any unexpected or drastic cost in any one year.

As you perhaps know, for the past several years, Millbury High School has allowed a great degree of choice on the part of students in selecting their courses—to the extent that we have had almost a free elective system. Based on the consensus that this has not worked, we are preparing a more structured curriculum with more content being required, but still allowing some freedom of choice for our students.

Also, the Millbury High School has a new Citizens' Advisory Committee composed of students, teachers, parents and concerned townspeople. The group formed in the spring and aims toward understanding what the school is doing and finding out parents' major concerns.

During the summer a priority checklist was sent out to parents and others interested in the committee. From it evolved the three major topics to be dealt with this year: school philosophy and objectives; school policy including the discipline code, and curriculum development and revision. Plans are to make recommendations to the principal in these areas.

Just getting under way this fall is a citizens' advisory committee for Raymond E. Shaw Memorial Middle School.

The School Committee has been monitoring all areas of the system and appreciates the help extended by the Elementary Mothers Club, the Citizens' Advisory Committees to the budget, Windle Field, High School and the Raymond E. Shaw Memorial Middle School.

The following salary schedule became effective in September of 1976:

Revised Copy 12/17/76

In addition to town meetings and other various events, the attendance at regular School Committee budget and bargaining meetings is as follows:

	Attended	Scheduled
Edward R. Wilczynski	58	66
Judith A. Fitzpatrick	65	66
Roland M. Lachance	53	66
Wayne R. Sclar	66	66
Ronald A. Stacy	34	35

The entire school report has been shortened as a result of a town meeting vote and a request by the Board of Selectmen.

Also, the Committee wishes to thank Dr. Sylvia, our administrators, teachers and all other employees for their effort to improve our system.

In closing, the Committee would like to take this opportunity to congratulate Miss Mabel Morin for being selected Millbury's "Teacher of the Year." Her fine efforts and continued dedication certainly is appreciated and we thank her for it.

## Report of the Superintendent of Schools

To the School Committee:

This is my third report to you as Superintendent of Schools and it is my personal pleasure to report to you on our instructional progress in grades K—12.

The Millbury School Committee has given strong support to improving programs at all instructional levels. There has been unanimous support to improve and expand our curricula and extra curricula activities as well as our services to special need students; and, moreover, to formally accept the commitment to improve reading instruction by joining the Massachusetts Right to Read Effort. While our reading program is very strong in Grades K—6, it is now receiving additional emphasis at both the Middle School and High School. We are also planning a formal needs assessment of reading instruction and will soon have objective data to assist us in determining which areas are in greatest need of attention. In addition to our efforts to improve reading, we have the strong support of our teachers to improve the writing, listening, speaking and computational skills of all our students.

Our school facilities are at their best for students in grades three through eight. The strongest need for modern facilities is at the high school level. A new and modern Middle School is now in full operation but comparable facilities for high school students are not available in the areas of science, music, physical education and library/media. It is very important that our older and more mature students have facilities which will be superior to those which were available to them at a younger age. Meetings have been planned with the School Building Committee and hopefully positive decisions will be made to meet our secondary school space needs.

A new program called "Job Targets" has been implemented with all administrative and supervisory staff members. This program is one which is similar to management by objectives. Each administrator has established specific job targets for himself and for his staff which in turn focus on improving programs which he is directly responsible for supervising.

**SUMMER PROGRAM**—The summer of 1976 was one which saw an expansion of our summer school programs. At the elementary level a K—5 Title I program, a well planned special needs program as well as a more diversified physical education program took place. We also expanded the Shaw Middle School program to include grade six along with grades seven and eight and continued with our subject oriented high school program for grades nine through twelve. Curriculum committees were also busy at work and especially at the high school level where new curriculum guides were developed for science, math and business education. Each committee produced a well written guide which is now being used by all teachers in that specific department. In addition to the High School, the Middle School math staff focused its efforts in developing a written math guide for students in grades seven and eight. At the elementary level, our elementary teachers developed an outstanding social studies guide which was very well received by classroom teachers in grades one through five. Recognition of the importance of program articulation, continuous curriculum improvement and evaluation is the responsibility of our teaching staff, but it is the support of the School Committee and community that makes this continued effort possible.

**FEDERAL PROGRAMS**—The major federal programs for the past two years have been our school year and summer Title I programs. Both programs focus on providing small group and individualized instruction in reading and math. Approximately \$37,708 was received to conduct these two programs. Title II and Title IV funds of \$3,166 were received and were used to purchase library books and non-print software. In addition, we received just over \$12,360 in P.L. 874 funds. It is hoped that we will be able to expand our efforts to secure federal grants in 1977.

**ANNUAL REPORTS OF BUILDING PRINCIPALS AND K—12 DIRECTORS**—Included below are summaries of the 1976—77 Building Principals and Directors' Annual Reports. A complete text of all reports may be obtained upon request at the Millbury Public Library.

**K—2 Program**—**Mr. Kelton D. Johnson, Principal**—The kindergarten through grade two program is a highly personalized program emphasizing reading and math skill development. Much effort is directed towards meeting the individual needs of all students. This program begins with our pre-school screening program and continues as each child participates in his daily school activities. Each youngster's progress in skill development as well as social development is of prime importance to us. Parents are informed on a regular basis as to how their youngsters are performing. Teachers are also available to meet with parents and conferences are scheduled not only by classroom teachers but also by other teaching specialists in such areas as reading, math, speech, learning disabilities, guidance, and Title I. In addition, each student is

involved in music, physical education and art experiences on a weekly basis. Special programs by classroom teachers and special area teachers encourage parents to visit and see first hand the various kinds and types of activities we are providing. This past year many outstanding Bicentennial activities were held for the public at Center School, Dorothy Manor, Providence Street and the East Millbury School.

**Elmwood School—Grades 3-5—Mr. James H. O'Leary, Principal**—As our task of educating young children moves from K-2 to grades three through five, we are most fortunate in having an outstanding teaching staff housed in a school facility which possesses the needed space areas to provide our students with a wide variety of learning experiences. We do not teach the same content at the same time to all the children. New programs have been introduced, old ones altered, and a variety of instructional materials are used to meet the individual needs of our students. The library/media center, more than ever, has become an extension of the classroom. Teachers and students make full use of books and software in dealing with curriculum projects. Reading continues to be our most important subject and all students are encouraged to develop a strong interest in reading and in developing library study skills. We have joined the Massachusetts Right to Read Effort and are committed to improving all areas of our reading program. In addition, we have placed considerably more emphasis on writing skills this year and will continue this effort. Math, science, social studies, career education as well as special areas are also very much a part of the Elmwood School curriculum. After school activities are well attended by students who participate in physical education intramurals, art club, chorus, band, reading club, etc. Community activities are scheduled throughout the school year and each special area has a formal program so that parents and interested citizens can observe the talents of Elmwood students in the areas of art, music, physical education and special school or classroom projects.

**Raymond E. Shaw Middle School—Grades 6-8—Mr. Daniel C. Carmody, Principal**—This is the second year of the Raymond E. Shaw Middle School and student enrollment is at near capacity but succeeding years should show a moderate enrollment decline. With a constant awareness to provide curriculum development along with program emphasis on meeting the individual needs of students, from elementary to high school, the Middle School program is geared to experiences that meet a wide range of individual differences. Our grade six program is an extension of the elementary curriculum in which major emphasis is placed upon reading, writing and math instruction. Grade six students also receive instruction in language arts, science and social studies but their instruction is not departmentalized as it is for grades seven and eight. All students participate in art, music, home economics, industrial arts, and physical education. The administration and teaching staff are also very much concerned with the development of students as people. This is probably best accomplished during an activity oriented experience for which we have made provisions in developing an activity schedule, intramurals, junior honor society, student council, band, chorus, photography club and a special project fair. A citizen's advisory committee has been formed to reflect the needs of students, staff and community. We encourage parents to call and to visit us whenever there is a need for information.

**Millbury Memorial High School—Grades 9-12—Mr. Donald P. Drake, Principal**—This year much preparation is being directed to evaluating the various programs now being offered to high school students. Each department has been diligently at work in completing a self evaluation instrument which will be made available to a visiting committee from the Massachusetts Association of Secondary Schools and Colleges that

is scheduled to be at our high school during the second week of April. In addition to the evaluation committee, department heads and staff are making recommendations to develop a more structured high school curriculum. It is expected that a proposal will be submitted to the School Committee for approval before the end of the 1976-77 school year. A number of programs have been introduced this year. The industrial arts department has a new exploratory course consisting of blue print reading, woodworking, metal fabrication and graphic arts. Expansion of our special needs classes in the areas of English, math, science, social studies and special needs has taken place. Also in the area of English more emphasis is being placed on developing stronger reading and writing skills. We have initiated an accelerated English class for talented students and are now studying the possibility of having an advanced placement program. During the second marking period a driver education program was approved by the School Committee and implemented. In attempting to keep parents more informed, we have had a number of special evening programs for parents, a citizen's advisory committee has been formed and we have begun a volunteer program.

**Guidance—Mr. William F. Cuning, Director K-12—**At the K-2 level, a self awareness program is being conducted by classroom teachers in cooperation with the guidance counselor. There is much that is being accomplished in the area of special needs as well as consulting with parents and teachers regarding specific student problems. At the grade three through five level in addition to testing and meeting the needs of 766 students, a renewed emphasis is being placed on career education. Considerable effort is still directed to servicing individual students and preventing problems from growing into difficult learning situations. The Middle School guidance program provides many of the same services to students as does our K-5 program. In addition, the Middle School guidance staff spends a considerable amount of time in the area of career education and in the area of selecting courses for students as they plan their high school and vocational programs. There is more testing at grades 6-8 and more concern for seeing each student individually so that he can be assisted in his school plans. In grades 9-12, a substantial part of each counselor's time is concerned with meeting the individual needs of students as they select their courses, plan for a job or furthering their education. There are applications for college, for scholarships and financial aid which much be completed as well as consulting with teachers and parents. In addition, the guidance staff is attempting to provide more information to parents and the public by holding evening meetings and publicizing guidance information.

**Athletes & Physical Education—Mr. Richard A. Garabedian, Dir. K-12** The physical education staff coordinates their program activities at all levels in order to insure an effective progression of skill development. A wide variety of activities are introduced at each level with stress being placed upon those skills and games which are interesting, challenging and promote healthful living. Basic movement skills are stressed at the primary level—rhythmics, self-testing exercises, gymnastics, exploratory skills and lead-up games. At the intermediate grades, students perform both team and individual sports with emphasis on team play, sportsmanship and skill development. The Middle School program encourages the refinement of athletic skills and students have the opportunity to participate in a more competitive intramural program as well as to compete in a limited interscholastic schedule. At the high school level, a wide range of physical education units are offered which include physical fitness activities, team games, coeducational activities, recreational sports, individual and dual sports along with carry-over activities. In

the area of athletics, we have expanded our competitive program to include a fall varsity soccer schedule, tennis, volleyball, junior varsity ice hockey and gymnastics. Students have the opportunity to select from the thirteen sports offered and to be participants on one of the twenty-five teams competing with area high schools.

**Special Needs Program—Mr. Harry J. Loso, Director K-12—**During the 1975-76 school year the special needs program was evaluated by the teaching staff and a number of positive changes were made. Each building principal has at least one teacher or teacher-aide working in the area of learning disabilities, and clinical speech services have been expanded to include the middle and high school levels as well as expanding service to slow learners. Our teachers have been encouraged to attend professional workshops and, in addition, we have provided after school in-service programs to assist teachers in implementing the requirements of Chapter 766 legislation. Between January 1, 1976 and December 31, 1976 approximately ninety new full and intermediate cores were completed. Our school nurses were a part of the core team and also assisted in our pre-school screening programs. In addition the school nurses assisted in meeting the health needs of our students in grades K-12. A new high school vocational program was implemented which allows students to attend an afternoon program at Blackstone Valley Vocational Technical High School. We have relocated our special needs program for very slow learners from the East Millbury School to the Elmwood Street School and we have added one hour per week to the schedule of our clinical psychologist. Our program is progressing well and we are thankful for the support we have received from administrators, teachers, students, parents and the School Committee.

**SUMMARY—**In summation, it can be stated that 1976 was a year of progress and one of program improvement. Staff meetings were held at all grade levels for the purpose of emphasizing our commitment to meeting the individual needs of students along with providing students with the necessary basic reading, writing and computational skills needed for success in adult life. Note should also be made of the fact that we have engaged the service of an administrative assistant, Mr. Roger McEnnis. The administrative assistant works with the superintendent in the areas of curriculum improvement, student services, staff development, federal programs and, in general, effecting improved supervisory practices relative to all phases of central office administration.

ARTICLE 18. To see if the Town, in accordance with Section 81A of Chapter 41 of the Massachusetts General Laws, to wit:

"Section 81A. Any city except Boston, and, except as hereinafter provided, any town may at any time establish a planning board hereunder. Every town not having any planning board shall, upon attaining a population of ten thousand, so establish a planning board under this section. A planning board established hereunder shall consist of not less than five nor more than nine members. Such members shall in cities be appointed by the mayor, subject to confirmation by the city council and in towns be elected at the annual town meeting or be appointed in such manner as an annual town meeting may determine; provided, that a town which has a planning board established under section seventy may, at an annual town meeting or at a special town meeting called for the purpose, vote to establish a planning board under this section and may provide that the members of the planning board then in office shall serve as members of the planning board under this section until the next annual town meeting. When a planning board is first established or when the terms of members of the planning board is first established or when the terms of members of the planning board established under section seventy serving as members of the planning board under this section expire, as the case may be, the members of the planning board under this section shall be elected or appointed for terms of such length and so arranged that the term of at least one member will expire each year, and their successors shall be elected or appointed for terms of three or five years each as determined by the city council in the case of a city and by the town meeting in the case of a town. Any member of a board so established in a city may be removed for cause, after a public hearing, by the mayor, with the approval of the city council. A vacancy occurring otherwise than by expiration of term shall be filled for the unexpired term, in a city, in the same manner as an original appointment, and in a town, if the members of the board are appointed, in the same manner as an original appointment and, if they are elected, in the manner provided in section eleven. Such a board shall elect annually a chairman and a clerk from among its own number, and may employ experts and clerical and other assistants. It may appoint a custodian of its plan and records, who may be the City engineer or town clerk. No member of a planning board shall represent before such board any party of interest in any matter pending before it.

Towns of less than ten thousand inhabitants, having no planning board established under this section may, by vote of the town meeting, authorize the board of selectmen to act as a planning board under this section until such a board is established; provided, that any such town, upon attaining a population of ten thousand, shall establish a planning

board hereunder.", will vote to change the term of office of the members of the Planning Board from 5 years to 3 years, not to take effect until the 1978 Annual Election, or take any action thereon.

**ARTICLE 41.** To see if the Town will vote to appropriate either by taxation or transfer from available funds, a sum of money for the construction of a new Bramanville Fire Station, or take any action thereon.

*Submitted by Fire Station #2 Study Committee*

**ARTICLE 42.** To see if the Town will vote to adopt and enact a new code of by-laws of the Town of Millbury, Massachusetts; establishing the same; providing for the repeal of certain by-laws not included therein, except as herein expressly provided; providing for the effective date of such code and a penalty for the violation thereof; and providing when this by-law shall become effective.

To be voted by the Town:

**Section 1.** That the Code of By-laws, consisting of Chapters 1 to 16, each inclusive, is hereby adopted and enacted as the "Code of By-laws, Town of Millbury, Massachusetts."

**Section 2.** That all provisions of such Code shall take effect in accordance with law and all by-laws of a general and permanent nature effective on or before October 18, 1976 and not included in such Code or recognized and continued in force by reference therein or saved from repeal in this by-law are hereby repealed.

**Section 3.** That the repeal provided for in Section 2 shall not affect any by-law establishing zoning or subdivision regulations for the Town.

**Section 4.** That whenever in such Code an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever in such Code the doing of any act is required or the failure to do any act is declared to be unlawful, and no specific penalty is provided therefor, the violation of any such provision of such Code shall be punishable by a fine of not more than fifty dollars (\$50.00), as provided in Section 1-6 of such Code.

**Section 5.** That any and all additions and amendments to such Code when passed in such form as to indicate the intention of the Town to make the same a part thereof, shall be deemed to be incorporated in such Code so that reference to the Code of By-Laws of the Town of Millbury, Massachusetts, shall be understood and intended to include such additions and amendments.

**Section 6.** That in case of the amendment of any section of such Code for which a penalty is not provided, the general penalty as provided in Section 3 of this by-law and Section 1-6 of such Code shall apply to the section as amended; or, in case such amendment contains provisions for which a penalty, other than the aforementioned general penalty, is provided in another section in the same chapter, the penalty so provided in such other section shall be held to relate to the section so amended, unless such penalty is specifically repealed therein.

**Section 7.** That three (3) copies of such Code shall be kept on file in the office of the Town Clerk, preserved in looseleaf form or in such other form as the Town Clerk may consider most expedient. It shall be the express duty of the Town Clerk, or someone authorized by the Town Clerk to insert in such copies, in their designated places, all amendments or by-laws which indicate the intention of the Town to make the same a part of such Code when the same have been printed or reprinted in page form, and

to extract from such copies all provisions which may be from time to time repealed by the Town. Such copies of such Code shall be available for all persons desiring to examine the same.

**Section 8.** That it shall be unlawful for any person to change or amend, by additions or deletions, any part or portion of such Code, or to insert or delete pages or portions thereof, or to alter or tamper with such Code in any manner whatsoever which will cause the law of the Town of Millbury to be misrepresented thereby. Any person violating this section shall be punished as provided in Section 3 of this adopting by-law.
